Importance: High

Hello Alison,

Thank you for scheduling P&G's meeting with the OPPT and Safer Choice teams last Wednesday, December 14. Throughout the course of that discussion, a few needed corrections to P&G's slides were noted. Attached is the revised P&G slide deck that includes those corrections that you may share with the EPA participants from the meeting.

Thank you and best wishes for a happy holiday season!

Julie

Hi Alison,

Attached is the presentation that the P&G team will discuss with EPA during our meeting on Wednesday, December 14. Given the technology constraints with outside computers, we'd appreciate if one of the EPA participants could project/share the presentation via MS Teams during the discussion so the in-person participants can see it projected in the conference room and the remote participants can follow along too.

Thanks for all of your assistance with scheduling this meeting. I appreciate you!

Have a great day,
Julie

[EXTERNAL]

Hi Julie –

EPA unfortunately has restrictions regarding outside computers connecting to our equipment and network, which makes things a little more difficult for our external stakeholders technology-wise. That said, we have two work arounds available if you're willing to share the presentation with us ahead of time:

- 1) We can attach a copy to the invitation for remote participants ***and*** have hard copies on hand for our in person participants; or
- 2) One of the EPA employees in the meeting can project the presentation.

Let us know if you have a preference, and we'll work on our end to make sure that we have the right things in place to help out with your preferred approach.

Relatedly, I know that we also had promised you a list of participants. I believe you can see ***most*** of the intended attendees from the Teams invite, but just in case, here's the current full tally of who's projected to attend:

- Denise Keehner, OPPT Director
- Tala Henry, OPPT Deputy Director
- Anna Lowit, OPPT Senior Scientist
- David Widawsky, DGAD Director
- Meghan Tierney
- David Turk
- Clive Davies
- Brian Barone
- Virginia Lee
- Muna Nahar
- Lauren Duffy
- Jori Reilly-Diakun, Office of General Counsel
- Margaret Clark, Office of General Counsel

All the best,
Alison

Hi Sharon,

My P&G team is planning to share a presentation with EPA during the December 14 meeting. Will the EPA conference room have projection capability?

Thanks,
Julie

Thank you, Sharon. As of today, the P&G participant list in your email is correct. I'll send you a note if there are any changes prior to Dec 9.

Thanks,

Julie

[EXTERNAL]

Hi Julie

We are following up on the in-person meeting scheduled with EPA/OPPT and Proctor & Gamble on December 14th at 10:am. The meeting logistics is embedded in the meeting invite, but wanted to ensure you have the information just in case. If you have other(s) attending that is not listed below, please send their name/title/organization to us **no later than December 9th** to ensure they are added on the external visitor's request list.

External Attendees:

Julie Froelicher – Senior Director, NA Regulatory & Technical Relations

Darius Sabaliunas - Vice President, Global Product Stewardship, Fabric & Home Care

Mike Hayes – Research Fellow, Global Product Stewardship, Global Chemical Management

Kathleen McDonough – Research Fellow, Global Product Stewardship, Central Product Safety

Nate Orosz – Director, Corporate Legal

Logistics and visitor information:

Meeting Entrance Location:

EPA - WJC-East Lobby
1201 Constitution Ave, NW
3rd Floor - Conference Rm 3371C
Washington DC 20460

Guests from the private sector must present an **unexpired, government-issued photo ID**, be screened through security equipment, sign in, and be verified/met in the lobby by an EPA employee.

Escort phone Number: (202) 564-3810 or (202) 564-1467
